The highlights of the meeting:

1. Sri Kamesh Ch. Pattanaik, Farmer, Kumarmunda:-Informed the house of his background in MNC and post-retirement has started one Mushroom unit with application of organic inputs for increasing the production and protection from insect and pest. Some Agri and Horticulture components also including in his farm. Expressed his interest for a loan of upto 10 lacs with project for increasing his mushroom production unit. The House decided to recast the project proposal up to 13-15lakhs for Hi-tech mushroom production unit.
2. Sri Gurucharan Pradhan, Innovator, Talita, Bonaigarh: - Appraised the house of his innovation, one multi-utility machine which can perform 8 types of agricultural operation, for which his innovation was awarded from NIRD, Hyderabad recently. To which the house decided to send his application to the IPR cell of OUAT to patent his innovation.
3. PD Watersheds :- Informed the house of support to the KVK adopted villages under DFI through Minikits of nutritional garden, pump set, production system, drip sprinkler and capital support upto Rs 24,000/- and to which all the line departments agreed to converge and support the 42 Nos of farmers under DFI in Sundargarh

district.

4. Sri Susant Naik, Farmer Promoter, Salepali, Sundargarh :- informed the house of his activities in integrated farming and simultaneously of new business enterprises also distress selling of milk in his village. to which ARD BVO, Sundargarh informed the house that the nearby village of Majhapara is selling through cooperative at Bamra through the OMFED chain to which PD, DDM and CEO of FPO opioned to visit the village. conduct a survey on milch population, the amount of milk produced daily and link the village alongwith similar villages to the same Milk procurement channel.
5. DDM NABARD: – Elaborately explained FPO of Lephripara Block and he shared the experience in marketing of drumstick, tomato, chilli, pointed gourd, etc and urged the house to encourage formation of FPOs for marketing and post-harvest management activities.
6. CEO, FPO Sri Gangadhar Kisan, suggested the house to identify similar villages where FPO can be created for a single product so marketing of the produce can be made easily.
7. Rep of SS&H-II. Scientist (Horticulture) informed on the different activities conducted by the KVK and apprised the house of the progress and inputs distributed to the DFI farmers and the plan for the ensuing rabi season.
8. OIC & Senior Scientist, RRTTSS, Kirei ; informed the house of normal rainfall in the district till now and about a weather system developing in the ensuing week and suggested measures to drain excess water from existing fields and gradual withdrawal of the monsoon later this month.
9. SS&H, Sundargarh-1 : informed the house on the creation of one nutritional garden in each family the concept for the purpose and the model developed at KVK and urged all members to replicate in all their coverage villages. She also informed the house of the DFI programme and the farmers involved with KVK and urged all the members to takes special attention to the farmers under DFI, to which DDH replied that the Dept can support immediately with minikits containing Cabbage, cauliflower, chilli, okra, brinjal, pumpkin seeds and similarly papaya and drumstick shall be provided on demand to farmers. She urged ARD dept to provide or linkage to get different varieties of poultry breeds of to be demonstrated at KVK.
10. Satyamaya Satapathy, Scientist (Agronomy) informed the house on the recent joint visit to IRRI- Trials along with Dr B P Bhadoria, IRRI that all varieties are performing well, in all fields there were incidences of caseworm and leaf folder and minimal damage of gundhy bug and suggested measures. In some cases of c.v Bina-11 there was observance of Panicle initiation in vegetative stage to which Dr B P Bhadoria, had said that as in some cases due to delay in monsoon consequently late

transplanting of old seedlings these were observed. but less difference in productivity. He also informed about 2 new apps like "RICE CAST" and "RICE DOCTOR" where the farmers can indent seeds directly and see the performance.

11. Discussions were also made on development of few farm entrepreneurs of the district to establish IFS Models and to document the different existing IFS in the district as demanded by ICAR.
12. It was uniformly decided to make joint field visit tomorrow (19.09.18) to Vedvayas. Kumarmunda (mushroom unit) and Talita Bonaigarh (Multifunctional implement)
13. It was finally decided to focus and promote on nutritional garden development in maximum villages of the district with support of all the line department.
